There is a class specially for pet quality birmans in Birman Special, so e.g. uneven gloves or too high countlets are quite insignificant details. Cats will compete in classes according to their age, colour and gender, not according to their previous show merits. The classes in the Birman Special differ from the classes in ordinary Int. Cat Shows. Special awards like "the bushiest tail" or "the deepest blue eyes" will also be given.

Awards and rosettes will be received with pleasure! More information: Tanja Luoma, p. +358 41 772 2394, [nayttelypaallikko@birma.fi](mailto:nayttelypaallikko@birma.fi). For further information you can also find updates on our website [www.birma.fi](http://www.birma.fi) and you will get an e-mail confirmation after the closing date 11.4.2009
